EMERGENCY?

Please call 911 immediately.

All cellphones are now GPS equipped - and so, the emergency people should be able to find you. (Hungry Hollow Quarry isn't considered a remote location and has "good" roads leading to the quarry.)

Nevertheless, GPS co-ordinates for the locked entrance gates @ Hungry Hollow are: gate @ south pit 43.077105 -81.795859 & gate @ north pit 43.077894 -81.795574

Then call your Trip Leader. Niagara trip leader is Ashley Pollock & cell is 905-246-2056. Your Niagara trip leader is CPR trained.

If you have a walkie talkie for the Hungry Hollow fieldtrip, you can also use that as well. If other people are close by, get them to call the Trip Leader as well as help you.

We are all a team!
